

**Civil Society Day on Climate Change**  
**APEADU Conference Hall, United Nations Compound, Kinondoni**  
 November, 11<sup>th</sup> 2009 - Dar es Salaam

**Tentative Programme**

The purpose of the event is sharing, learning and developing a dialogue around climate change among civil society groups and between local civil society the government of Tanzania and Development Partners. This is seen as critical to developing an effective and coordinated involvement of civil society in Tanzania in Climate Change responses.
