INVITATION TO TENDER

TENDER No. TNRF/BMZ/ 1/02/2021

1. Background

The Tanzania Natural Resource Forum (TNRF) is a network organization registered in 2006 as a Non-Governmental Organization (NGO), with the aim of promoting the improvement of natural resource governance to achieve more sustainable rural livelihoods and better conservation outcomes. TNRF works for improved natural resources governance by helping bridge the gap between:

- a) People's local natural resource management needs and practices, and
- b) National natural resource management priorities, policies, laws and programs

TNRF has received funding from the Federal Ministry for Economic Cooperation and Development (BMZ) through World Wide Fund for Nature (WWF) Tanzania Country Office to implement some of activities within Climate change adaptation support for community managed areas (CBNRM) project aiming at supporting Protection of key ecosystems, increased resilience and adaptation for sustainable use by local communities. Enduimet, Makao, Lake Natron and Ikona WMAs have intact woodlands which are rich in blossom, bee keeping and has for many years been a traditional livelihood support activity. However, honey production to a commercial level has been hampered by the traditional approaches employed by communities including use of poor hives and destructive honey harvesting methods such as use of fires which sometimes cause wild fires and destroy the grasslands and vegetation for livestock and wildlife. This project thus will buy 800 beehives to be distributed in each WMA and will employ modern technology in bee keeping including procurement of 800 beehives and their accessories its supporting equipment i.e. (Honey harvesting kit, Solar wax

extractor, Candle making machine and Honey extractor) to be used as bee hive fences to mitigate human-wildlife conflicts.

TNRF thus invites bidders to supply the following:

Lot 1: Supply of 200 beehives with its supporting equipment i.e. (Honey harvesting kit, solar wax extractor, Candle making machine and Honey extractor) to IKONA, and 200 beehives in MAKAO WMA

Lot 2: Supply of 200 beehives with its supporting equipment i.e. (Honey harvesting kit, solar wax extractor, Candle making machine and Honey extractor) to Enduimet WMA and 200 beehives Lake Natron.

Interested suppliers/firms may purchase tendering documents from TNRF offices, Plot # 10, Corridor Area, Arusha or via email: info@tnrf.org upon presentation of a request letter duly stating the company name and original bank slip/scanned for Tzs 100,000 (One Hundred Thousand Tanzanian shillings only) for each of the Lots mentioned above being a non-refundable fee. See our bank accounts details below:
