As such, these Terms of Reference (TOR) describe the background, tasks and deliverables for Project Coordinator to provide related services.

1. General Overview of the Organization

The Tanzania Natural Resource Forum is a network organization registered in 2006 as a Non-Governmental Organization, with the aim of promoting the improvement of natural resource governance to achieve more sustainable rural livelihoods and better conservation outcomes. TNRF works for improved natural resources governance by helping to bridge the gap between:

- People's local natural resource management needs and practices, and
- National natural resource management priorities, policies, laws and programs

TNRF seeks to support its members by improving communication, sharing information, promoting collaboration and strengthening collective action. TNRF has a growing membership of more than 3,800 people and organizations, supporting professional staff, and a steering committee drawn from the membership.

TNRF facilitates member-driven 'Working Groups' on key policy and practice issues that are of direct interest to members. These working groups are very collaborative and provide an opportunity for TNRF's diverse membership to tackle concerns at a range of different levels. There are currently working groups engaged in TNRF's three main thematic areas of forestry, wildlife and rangelands. TNRF communications works at a cross cutting level, producing for example a web-site, weekly e-news, policy briefs in collaboration with partners and participatory film or radio targeted at advocacy. TNRF also successfully engages with other stakeholders in establishing round tables for CSOs, donors, international NGOs and government to discuss emerging issues related to the environment.
