Tanzania Natural Resource Forum

CALL FOR PROPOSALS/ INVITATION TO TENDER

The Tanzania Natural Resource Forum is a national NGO which seeks to improve governance and accountability in Tanzania's natural resource sector to achieve more sustainable rural livelihoods and better conservation outcomes. As a member-driven NGO, TNRF works to improve policy and practice for the better, by helping to bridge the gap between:

- People's local natural resource management needs and practices; and
- National natural resource management priorities, policies, laws and programs

To achieve sustainable rangeland resource management and utilization, TNRF with funding from European Union through IFAD and ILC is currently implementing Participatory Rangelands Management Project for sustainable rangelands resource management for improved food and Livelihoods Security among pastoral communities in Kiteto District. The project is implemented in collaboration with the Ministry of Livestock and Fisheries, Kiteto District Council, Simanjiro District Council, Longido District Council, Manyara, and Arusha Regional Secretariats, and KINNAPA. The project seeks to build the capacity of the local community to manage their grazing resources, improve livestock infrastructure and empower women's engagements in economic activities. To achieve results, the project seeks to roll out investments through Community Rangelands Investment Fund (CRIF) identified by the communities in the Ruvuremit cluster (Simanjiro District and Lesingita cluster - Longido District) TNRF thus invites Community institutions, experts, community groups, village council through grazing land committees, Community based organization (CBO) and contractors/suppliers to submit proposals for the following Community investment Projects in grazing land:

Lesingita Cluster:

Lot 1: Cattle dip renovation at Lesingita village in Longido district

Lot 2: Bush clearing through removal of invasive species at Lesingita village in Longido

Ruvuremit cluster:

Lot 3: Tsetse fly control at Ruvuremit village in Simanjiro district

Lot 4: Bush clearance through removal of invasive species at Ruvuremit Village in Simanjiro

Interested community groups, experts, Community Based Organizations (CBOs) suppliers/firms from the same area (Simanjiro and Longido) may request detailed tender documents of specific tender(s) from TNRF offices, Corridor area, Arusha or can request through the email info@tnrf.org; or call +255 677 060 307 and submit the proposal with budget details not later than 17:00 on **21th Dec 2021**. The applicants will be notified on the opening date. **The qualified group/supplier/contractors shall ensure the assignment completion by 31st Dec 2021.**

Community institutions, experts, and practitioners with proved innovations on the assignment, community groups, village council through grazing land committees, registered Community-based organizations made up of the target community and contractors/suppliers from the project area (Ruvuremit, Simanjiro, Lesingita, and Longido district) are highly encouraged to apply.

TNRF reserves the right to accept or reject any application without revealing the reasons thereof.
